

CyberMed M12

12" Power Over Ethernet (POE) Medical Computer

A POE Enabled Medical PC

An incredibly unique medical grade all-in-one computer, the CyberMed M12 can be powered over ethernet so there's no need for a traditional power outlet. Coupled with it's compact size and VESA compatibility, this unit can be mounted virtually anywhere.

Medical Grade Certified

Intel Core Processor

The CyberMed M12 comes with a powerful Intel Bay Trail processor and up to 8GB of RAM, with stunning integrated Intel HD graphics, packing a big punch in a compact design.

Antimicrobial

The unique design of the CyberMed M12 includes an antimicrobial compound injected into the plastic molding to help reduce the spread of harmful bacteria.

IEC/UL 60601-1 Certified

This medical computer has been engineered to meet the stringent 60601-1 electrical and radiation safety standards required for near patient use.

IP65 Rated

The sealed front bezel is IP65 certified, so it will stand up to chemical disinfectants and makes it easy for medical professionals to clean.

Low Power Consumption Computer

The CyberMed M12 uses low power consumption components and fanless cooling technology to allow it to be powered over ethernet. This completely removes the need for AC power making this device much more versatile and allowing end users to install it nearly anywhere.

Great for Patient Infotainment

This medical grade computer is great for patient registration or to be mounted bedside as an infotainment device. It's small footprint and antimicrobial housing are key features that allow this device to be used by patients without taking up too much space.

Built with Customization & Compatibility in Mind

- Windows 7, 8, 10, Windows IoT, and Linux
- Intel Quad Core Processor
- 1 x Full-Sized Mini PCI Express Slot
- 1 x Half-Sized Mini PCI Express Slot
- 1 x 128GB SSD up to 512GB
- 1 x DDR3L SO-DIMM (up to 8GB)
- 4 x USB 3.0 USB Ports, 1 x HDMI, 2 x LAN
- 1 x RS232 Serial Port (Expandable to 4 COM Ports)
- 5 Megapixel Webcam
- Optional Internal UPS Backup Battery
