

MEDICAL TPE-S:
EVOPRENE®

EVOPRENE®

Styrene-ethylene-butylene-styrene (SEBS)
different grades

alphagary

Main properties:

- Best in class quality: Pharma vial producers uses Evoprene for stoppers for >10 years successfully
- Wide hardness range (Shore A 12 - 85)
- Oil-free grades available

Product range (typical grades)

PROPERTIES	UNITS	R9966-28	R9968-49	R9970-73
DENSITY	g/cm³	0,94	0,91	0,91
COMPRESSION SET*	%	15	20	30
SHORE HARDNESS	A	28	49	73

* 72h at 23°C
Other grades available

Typical applications

- Vial stoppers
- Infusion bottle stoppers
- Syringe plungers, needle caps
- Injection site septums
