**The Medical Devices Law |  
Implementation Act (MPDG)**

The Medical Devices Law - Implementation Act (MPDG), which will replace the MPG for medical devices and in-vitro diagnostics, includes a proud 99 paragraphs.

The article focuses on:

- the supplementary notification requirements
- the German Information and Database System on Medical Devices (DMIDS)
- Notified Bodies
- extended powers of the BfArM in the field of vigilance tasks
- as well as regulatory powers and transitional provisions.
