

About MEDA

MEDA Co., Ltd. was co-founded by the backbones of Institute of Biomedical Engineering, Chinese Academy of Medical Sciences, with the goal of delivering the highest quality ophthalmic ultrasonic devices to the world. With dedicated R&D professionals and world-class quality practices, MEDA is uniquely placed as a leading manufacturer of ophthalmic ultrasonic devices in China. What we have been dedicated to is being Professional, Accurate and High Quality.

R&D experts and their decades of research make us unique. Every year, MEDA continues to invest greatly into R&D which is committed to developing and launching series of new products, services and solutions tailored to the ever-growing needs from doctors and distributors.

Self-owned intellectual properties and the latest ultrasonic diagnostic technologies make our products worldwide popular. MEDA's products are applied in high-ranking domestic hospitals, which have occupied 70% market share. Meanwhile, MEDA promotes great determination in developing global markets. The products have been exported to over 60 countries and territories. Our business covers Europe, North America, South America, Asia and Africa. High-quality products and customer-oriented services have earned MEDA great

reputation and recognition from our global customers and business partners.
