Learn and Accomplish More with **No Pressure**

Unlimited Courses & Exams For 1 or 2 Years!

Take as many training courses & certifications exams as you want, virtually or on-site over a 12 or 24 month period. Includes all materials and exam cost. Level 1 course certification must be passed before moving on to Level 2. Each student will receive only one course kit per level.

1-Year Unlimited Training & Courses

\$7995 (includes unlimited courses and exams)

2-Year Unlimited Training & Courses

\$11,995 (includes unlimited courses and exams)

Three Ways to **Learn**

**Self-Paced at Home
Course Kit**

**Virtual & On-site
Learning**

**Custom Corporate
Training**

Self Paced at **Home Course Kit**

Learn at your own pace with the Home Course Kit! The kit contains all material handed out during the standard on-site training including cloud access to the required tools. **Exam not included.**

Virtual & On-site Live **Learning**

We have both on-site training and virtual classroom settings available. Receive instruction for all three levels and take your exam immediately after each session. Exam cost included and materials will be shipped to each student's location.

Custom **Corporate Training**

Prep your staff for certification with standard offerings or select modules a-la-carte to address your specific needs. We will ship all the necessary materials to your employees! No limit on the number of attendees. Exam arrangements on request. Available on-site or virtual.

Learn From Our **Cybersecurity Expert**

Director of Product Security at Velentium | **Christopher Gates**

Christopher has worked for over 40 years developing medical devices and co-authored the book that is regarded as the industry standard for Cybersecurity within medical devices.
