

## *10 GREAT reasons to choose Zaxis*

Small internal volume

Fast testing while staying repeatable

Extremely sensitive

Easy to operate

1 setting page instead of multiple sub-pages to get lost in

10-15% cheaper than competition

All testers (IKIT, ISAAC, 7i, Zaxis PD) all run same firmware and act identical for ease of validation from one lab to the other

Small footprint

Ethernet/IP compatible

Custom firmware/fixtures/etc that other companies wont do

Small company so we know our customers, they are NOT just a number

Non heat transferring valves
